

ACA-TW17-025

LHD Cable Accessory - Tie Wrap (ETFE) 170°C (230°F) - Qty25

General

The ACA-TW series tie wraps (cable ties) is designed to secure linear heat sensor cable to the LHD brackets and clips. The tie wraps are available in various temperature ratings for matching or surpassing the temperature specifications of the selected LHD sensor cable.

UV stabilised and stainless steel variants are suitable for outdoor applications whilst stainless steel variants additionally allow for the installation of very high temperature digital cable.

A tool (ACA-TWT) is available for the stainless steel tie wrap installation.

Details

- Easy installation of linear heat cable
- For use with LHD brackets and clips
- Indoor applications
- Available in ETFE (Ethylene tetrafluoroethylene)
- Available in quantities of 25
