

Operating Instructions

ACT 230MSF

Fused Mainspike Suppressor

230V EMI/RFI Mains Filter with Lightning Protection

- Prevents false alarms caused by mains EMI/RFI interference
- Suitable for all 230VAC security equipment
- Provides additional protection against nearby lightning
- Maximum AC current rating 3Amps

WARNING: In case of electrical spike or high voltage when fitting a mains filter, always wear protective goggles

1. Verify with DMM that AC voltage is 250VAC
2. Switch off mains supply
3. Connect in series with equipment to be protected: BROWN/LIVE, BLUE/NEUTRAL and GREEN/YELLOW/EARTH (short lead AC input, long lead AC output)
4. Switch on mains supply
