

### ACT5 Keypad

*The ACT5 digital keypad is an excellent addition to the range of standalone access control products with its 'no frills' specification, the only requirements are access and egress.*

The ACT5 comes in a stylish polycarbonate housing with stainless steel keys. It may be surface or flush mounted on to a standard single gang electrical back box.

The ACT5 offers simple access control with a IP rating of IP55, featuring exit button input and also incorrect code lockout.
