

SIGMA XT ANCILLARIES

Extinguishant Extract Key Switch

Features

- ▶ Common '901' keyswitch
- ▶ Key trapped in operated position
- ▶ Compatible with all Sigma XT and Sigma XT+ models
- ▶ Robust steel surface mount enclosure
- ▶ Flush mount collar available*

Description

The K13520M10 Extract unit provides a convenient and secure means to operate extract fan plant associated with the fire protection extinguishing system.

The "901" key is common to many fire detection and protection control panels and is retained in the operated position.

The robust enclosure allows for either surface mounting or flush with optional collar.

Part M10FCLGT*
